## Northumberland Youth Service

The Statutory Youth Service works with young people aged 13 – 19 and up to 25 years for those with additional needs. We provide you with a wide range of exciting opportunities that will be useful both now and in the future.

Activities are designed around you so that they are often challenging, usually a learning experience but always enjoyable. We provide these opportunities outside of normal school hours in your spare time.

Northumberland is a big county so we have divided the Youth Service into four areas.
