Northumberland Health and Wellbeing Team

Working in partnership with schools and other colleagues the Health and Wellbeing team will positively support and contribute towards:

- school activities that promote the health and wellbeing of all children and in turn help them achieve their full potential
- contribute to the school overall effectiveness judgment for the pupils' spiritual, social and cultural development
- provide a quality assurance mechanism through the Northumberland Enhanced Healthy Schools Award
- strengthen partnership working with colleagues in health
- support to address equality and diversity issues for vulnerable groups of children, including closing gaps, how to account for and usefully spend the Pupil Premium Grant and teaching PSHCE and Citizenship

1. What does your service do?

Health and Wellbeing

Working in partnership with schools and other colleagues the Health and Wellbeing team will positively support and contribute towards:

- school activities that promote the health and wellbeing of all children and in turn help them achieve their full potential
- contribute to the school overall effectiveness judgment for the pupils' spiritual, social and cultural development
development

- provide a quality assurance mechanism through the Northumberland Enhanced Healthy Schools Award
- strengthen partnership working with colleagues in health
- support to address equality and diversity issues for vulnerable groups of children, including closing gaps, how to account for and usefully spend the Pupil Premium Grant and teaching PSHCE and Citizenship

2. Where is it located and what areas does it cover?

Currently based at Hepscott Park, Morpeth, the Health and Wellbeing team deliver work in schools throughout Northumberland

3. Who does your service provide for?

The team deliver training to professionals, parents and work directly with young people within the classroom

4. How can I start using the service?

For further information please contact Carol Leckie, School Adviser – partnerships with health

5. How are decisions made about who can use your service?

Work in schools is either delivered as part of a package commissioned by NCC Public Health Team or commissioned directly by schools

6. How do you communicate with service users and how are they involved in decision making/planning?

The team consult with schools re the nature of delivery, young people take part in consultations throughout the year and all work is evaluated, contributing to a review of the delivery.

7. Is your service fully accessible?

Delivery is normally in schools and therefore meets the needs of the pupils, professionals or parents with whom we are working

8. What training are the staff supporting children and young people with SEND had or are having?

The team have a wide range of skills, qualifications and experience and work closely with schools to ensure the needs of the young people accessing any activities are fully met
